

WHY BEE A SPONSOR?

Sponsorship for this popular community festival provides a unique marketing opportunity to reach an event audience of over 15,000 and online audience of over 8,000 followers, while supporting local family farms and small businesses.

In its eighth year, the scent of lavender permeates the air at this one-day festival that includes arts & crafts, event-themed food and drink, live entertainment, and of course, lots of lavender & honey! The event hosts over 100 local vendors, including small farms, artisans and food purveyors.

The festival has broad appeal to all ages, and average attendee age is 21–60 years old with above-average discretionary income. Families are a big part of the event.

Look inside for a list of marketing opportunities, or contact us to create your own custom package. Bring your company to the festival, and “bee” a part of this scent-sational community event!
